Making a positive difference to people and our planet

we help everyone paint their own possible

At Crown, we believe that every pot of paint is brimming with potential. And we want to put that in the hands of everyone. Because with paint, you can change a room, change a mood, even change a life.

That's why we want to inspire people to paint their world better, braver and beautifuller (yes that's not a word, but this is paint, you can do anything). We know what a positive difference we can make to people and our planet, so we'll keep pushing what's possible. Now and always,

It's not just paint,
it's personal.

colour
insights

2024 / 2025

Kathryn Lloyd

Colour Specialist at Crown

"Inspired by events and designs spanning lifestyle, fashion, architecture and the environment, the Crown Colour Insights is comprised of four themes and palettes to inspire your home decorating: Solutions, Community, Escape and Pivot."

colour insights

2024 / 2025

At Crown, we understand how colour can change a room, change a mood, or even change a life. Our team of colour and interior design experts review global trends covering lifestyle, culture, architecture, fashion, social and the environment to create our annual **Colour Insights** – a carefully curated viewpoint on the future of colour and its application.

In a landscape where sustainable considerations are overtaking a throwaway culture, our Colour Insights are more than just a trend. They reflect the circular nature of creativity, they develop and grow, creating a colour collection that can inspire any interior or exterior project for years to come.

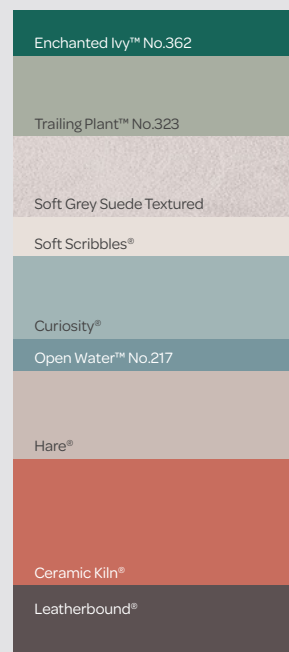

want to learn more?

Scan to see more information and inspiration for our Colour Insights.

Solutions

Solutions is a thought-provoking and environmentally conscious palette. At its core is an appreciation of organic forms, textures and imperfections found in nature-derived materials. Warm, saturated terracotta is paired with slightly washed and desaturated blues, greens and neutrals, with small accents of brighter blue and green shades inspired by materials such as sea and river glass.

Community

Breaking boundaries, togetherness and joy are the foundations of this palette. Invigorating spaces and bringing colour to the forefront, Community brings life and excitement with brave colours, high contrast, bold patterns and colour blocking.

Escape

Escape encapsulates moments of playfulness and retro influences shine through in the candy colours. It's a modern viewpoint on nostalgia and escapism that delivers understated quirkiness. Pairing vintage teal and retro minty green with sweet pinks, faded red, and accents of joyful yellow creates an immersive sensory effect.

Pivot

With calming, earthy tones that pay homage to heritage, craftsmanship and quality, Pivot is an antidote to today's fast paced, high-consumption world. Rich, warm neutrals are paired with dark, muted blue-greys for timeless elegance. The use of natural and re-purposed materials creates a comforting environment.

2024 / 2025

Feeling inspired by our Colour Insights? You can use these ready-made colour palettes as a helpful guide to create your very own colour schemes for your decorating projects. All colours in each palette work well together, so it's easy to pick and choose the perfect shades for your space.

Pick your main shade and an accent colour (or colours) from your favourite Colour Insights palette. The colour proportions will guide you in your choice for main shades that work well on larger areas and those that are perfect as smaller colour accents for feature walls, woodwork or accessories.

Use our Real Paint Swatches or tester pots to experience your chosen colours in your space and light conditions. Use them at home at various times of day and under different light sources to help you finalise your colour choices.

Creating a moodboard is a great way to visualise how your chosen paint colours will work with your flooring, furnishing and accessories.

voilà!

colour palettes
for your space

"Our Colour Insights are a great starting point on your home decorating journey. Whether you want to create a calming space or inject a bit of colour into your rooms, the colour palettes can give you a helping hand in choosing and pairing colours."

SUPPORTING
EXCELLENCE
IN BRITISH
CRAFTSMANSHIP

In partnership with the Queen Elizabeth Scholarship Trust (QEST), Crown donate 10% of proceeds from the CRAFTED™ by Crown collection to fund the fantastic work QEST do in supporting the training of aspiring artisans. By purchasing a can of CRAFTED™ paint, you are directly helping emerging artists like Joseph.

Joseph Ijoyemi
QEST Crown Paints
Emerging Maker

"I applied to be a QEST scholar because, being an artist, it is important to develop your practice. It was important for me to have some sort of support system in place, not just from a financial aspect, but also from a mentorship aspect. The collaboration with Crown Paints has been amazing because I felt supported straight away."

the power of paint

Paint can completely transform a room with just a few simple updates and design tricks.

Collage®

Soft Scribbles®

the fifth wall

"An area which is often neglected is the ceiling, which can often be left white, but we can add a sense of grandeur to a space simply by painting it. Consider it as the fifth wall.

Here we've used the deep green of Collage® and brought it down to the picture rail to create an illusion of weight – a great way to create a cosy, inviting space. By pairing it with the light, warm-based neutral of Soft Scribbles® on all walls, the room remains light and airy."

Kathryn Lloyd
Colour Specialist at Crown

Collage®

colour drenching

"Colour drenching (painting all elements of a room the same colour) blurs edges and creates a seamless space. By using the deep green of Collage® on all walls and the ceiling, an illusion of space is created and key features become a focus, like the beautiful sash windows and light coloured sofa."

Kathryn Lloyd
Colour Specialist at Crown

We know what a positive difference we can make to people and our planet. That's why we've launched

project possible

It's bold and ambitious, but those are words we're proud to live up to.

Scan to find out more

1 sustainability

We're doing more than ever to drive sustainability and reduce our carbon impact. We're working towards being completely carbon zero and since 2023 all Crown's UK factories and offices have been powered by energy from certified renewable sources and we even generate our own clean energy via our solar farm in Hull.

We have recycling centres at our manufacturing sites where we process unused paint, packaging, electrical waste and more

2 charity

We're dedicated to helping our national and local charity partners and regularly donate paint and provide expertise to those who need it most.

We continue to raise funds for our national charity partner, Alzheimer's Society

3 community

From creating more joyful local spaces through the power of colour, to giving back to local youth sports teams in honour of our decades-long association with top-flight football, we love nothing more than using our expertise and heritage to help make the places around us happier and healthier.

Euxton Juniors Girls Under 10s supported by the Crown Grassroot Sport Fund

4 people & culture

It takes wonderful people to make a wonderful company. Our Crown family are at the heart of everything we do, and we're committed to creating an environment rich in possibility for all.

Our amazing teams are at the heart of what we do

5 education

We want to help everyone have more colourful futures. From professional designers, engineers, chemists and crafts people, right through to apprentice painters, decorators and designers still in college.

2023 finalists of the Crown Apprentice Decorator of the Year Awards

we're part of something bigger

Crown is proud to be part of Hempel, wholly owned by The Hempel Foundation, a dedicated philanthropist that strives to make a significant difference to the world. Supporting biodiversity, empowering children to learn, making paint more sustainable, and driving positive change.
